Dreams And Fantasies

Dreams and fantasies are the things that make up life. Some are very far away but achievable. But without trying to fulfill them. They are wasted thoughts.

Parting And Memories

Parting from those special friends that helped us through the years is hard, but we all must go our separate ways. Cherish those memories we have and let them live in our minds forever.

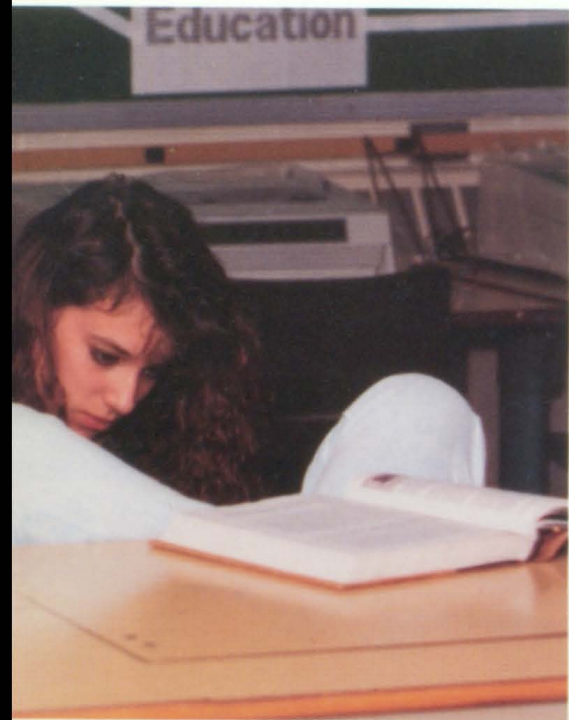

Relax, Chill Out

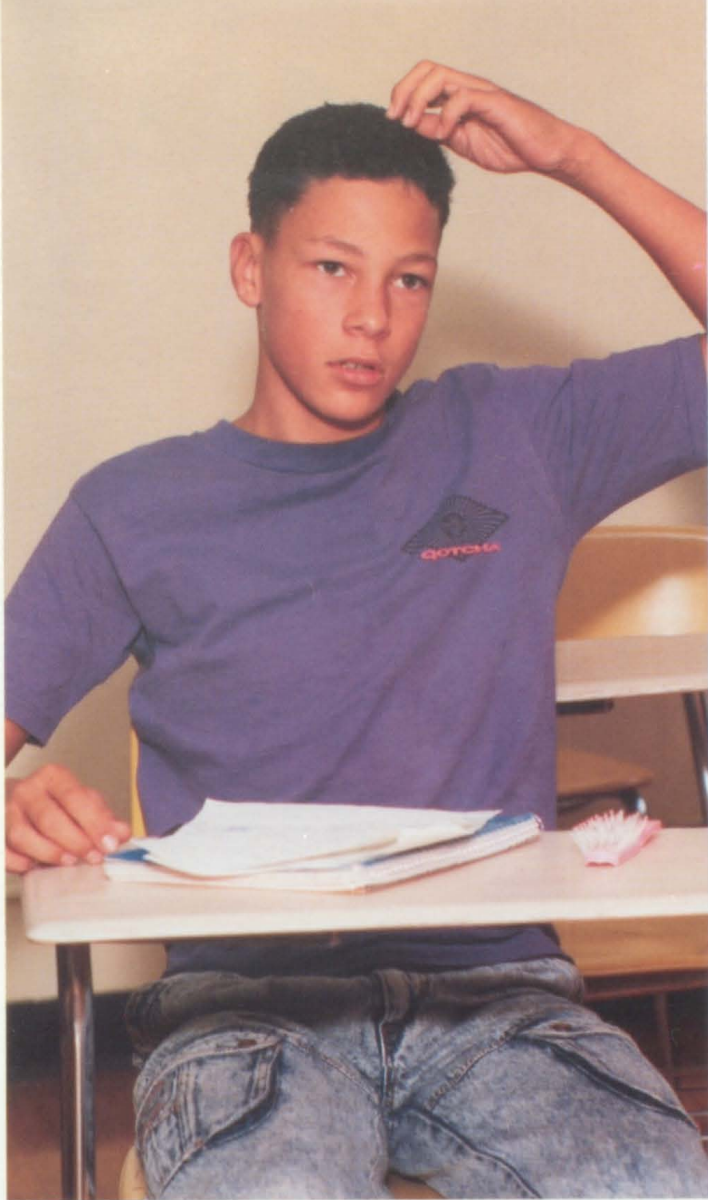

So what if you're failing every class, you have to be in four places at once and your family is mad because you and your friends ate all the food. Chill out and forget about it till tomorrow!!

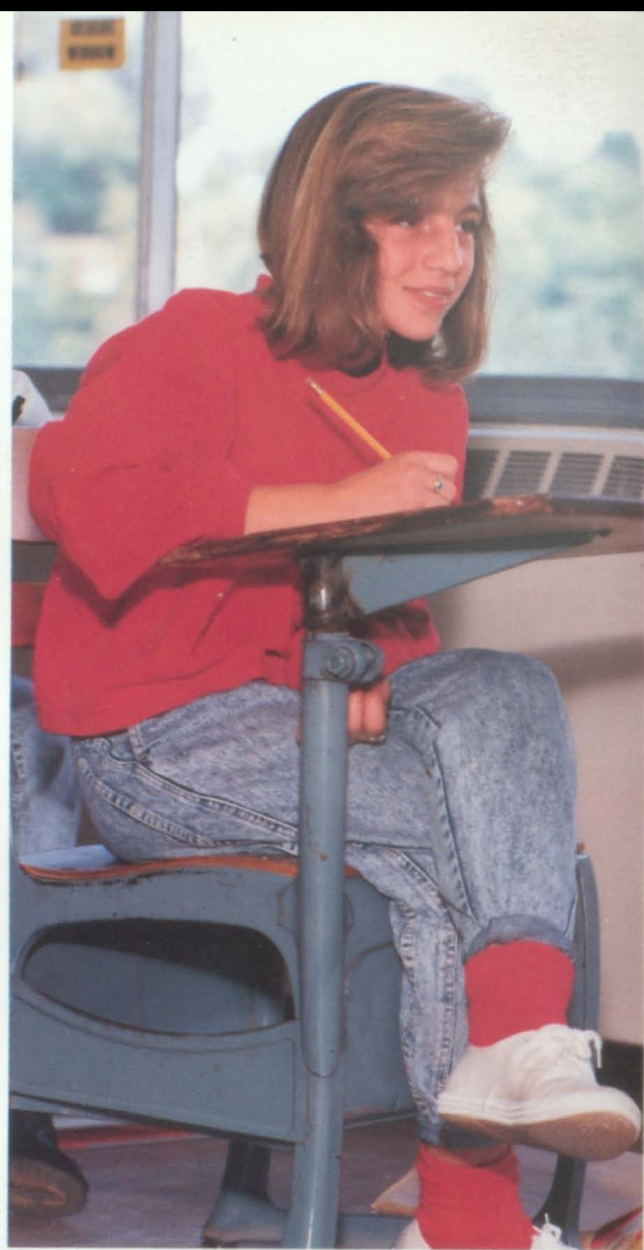

Pressures And Nightmares

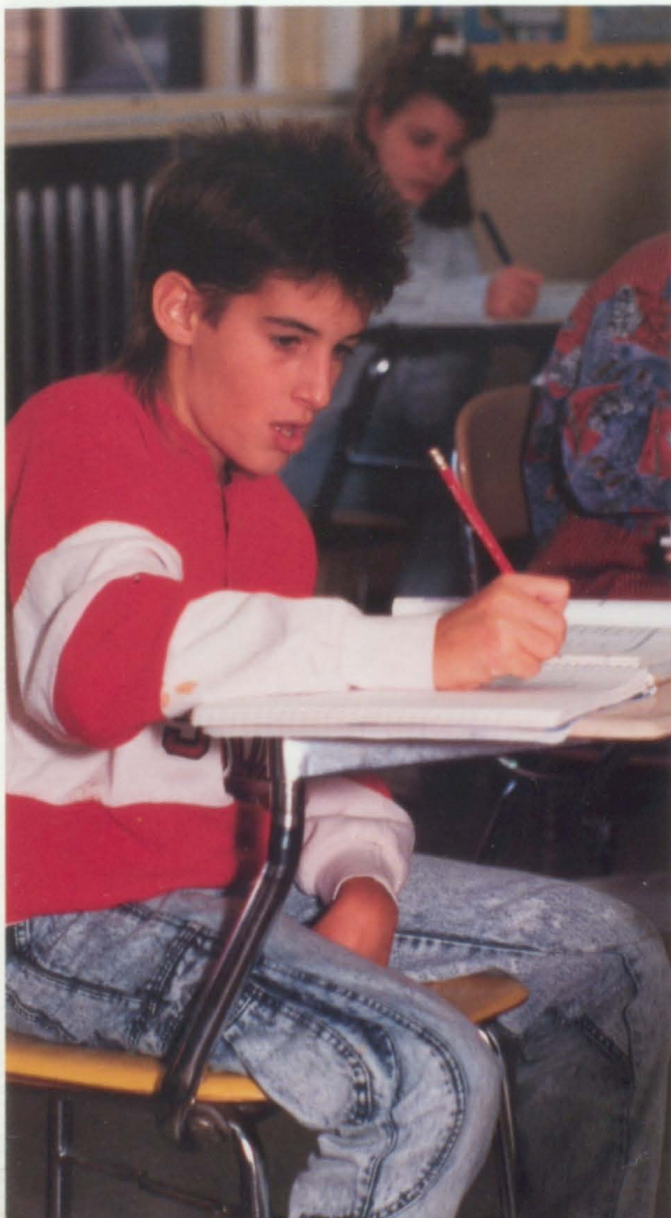

There are many things that pressure us. For some it may be parents, asking someone to the prom, or studying for a big exam. - - - Let's define nightmare; the 50% you got on your English test, or going to school with that big rip in the seat of your pants that you never noticed. - - - Pressure is something we can never get rid of, but we learn to deal with it and live on.

*Live For Today.
Strive For Tomorrow.*

Live for today and savor every moment. Don't hold onto yesterday. You can't bring it back. Do the best you can. Don't be afraid to go for your goals. When tomorrow comes it will take care of itself.

*Knowledge Is Power.
Power Is Everything.*

The knowledge you get from going to school is what makes you a powerful person when it comes to brains. Power is everything you need to achieve that certain goal you are striving for.

C-Ya What Next?

A simple "see-ya" to those high school days and a "hello" to a whole new world ahead. But there's one question left in our minds: what next?!!

RAVULTY

Ode to Janet Nass

You've been with us for 20 years,
Through all the laughter and the tears.
You've helped us all no matter what,
From serious issues to a simple cut.
You taught us how to love all kinds,
You taught us how to walk when blind.
You've helped us develop into who we are,
In between the pauses of the VCR.
Now finally comes our chance to thank you,
though we know not how we could ever
repay you.

And so, dear Janet, here's to you,
May you have good luck in all you do!
- students of CHS

D is for his diligence- he worked hard to bring everyone happiness after graduation.
I is for his intelligence- he uses it to help others with their education.
L is for learning- he encourages us to achieve.
L is for lovable- just ask Mrs. Grecco!
E is for energetic- he could always hunt down the students he wanted.
N is for necessity- without him, where would we be now?
B is for bossy- firm, yet completely understanding.
E is for excellence- he pushed us to our best.
C is for caring- he cares about each and every student.
K is for his kindness that will be missed by all!

An era is ended. As Mr. Dillenbeck &
Mrs. Nass leave CHS we will miss them
with all our hearts!!

As Chester High School becomes
a memory, set high goals for your

you are special and work to develop

tough, know that you can make it
if you try. Abraham Lincoln said
it well, "Always bear in mind that

Girls Varsity

We had a good season this year 5-3 league and 9-6 overall. Our highlights included beating Cornwall with a come from behind win, taking both games from O'Neil and Florida, winning our section game against Narrowsburg and playing an outstanding game against the

number one ranked team in the state, Livingston Manor. This was a very special team in that every player helped contribute to our success. They all were dedicated players, always giving 100% at practice and games.

Baseball

As I look back on the 1991 season I saw a lot of good things. The only negative part was our 5-9 record. Our highlights included all the seniors on the team graduating and going on to college where Art Connolly and Mike Mancuso were selected to be members of their college baseball teams. There were five ball players; Bryan O'Neill Ed Joyce, Shawn Firehock, Art Connolly, Joe Jacobs, who batted over .300 and one, Mike Mancuso who hit over .400. More

importantly, I see our returning ball players Rob Moran, Joe Jacobs, Ed Joyce, Joe Truhon, Jeff Kirkland, Dan Grazier, Steve Maniscalco, Jason Turner and Rich Connolly leading the new ball players as we return to our winning ways. Special congratulations to Mike Mancuso (3rd team) and Art Connolly (Honorable Mention) for their selection to the Times Herald Record All-Star Team. Coach Grecco and I are looking forward to the 1992 baseball

season.

Girl's Basketball

This year the Girls Varsity Basketball Team enjoyed their finest season ever. Throughout the season they were able to hold their position as top contender in the National Conference. They were able to dominate their opponents early and by mid-January

they had a 6-2 overall record. There was a strong team chemistry this year which was a major factor in their success. In any given situation the team felt comfortable substituting players at key times in tough games. The most devastating part of the sea-

son was their conference title loss to Florida at home, which brought their record to 12-4. However, they did not give up, they entered sectional play with a great deal of confidence and a stronger desire to win.

It's time
to say
goodbye
my friends.
I'm glad
you
stayed
until
the end.
I hope
you've
enjoyed
the time
we've spent.
I bid
farewell
to you
my friends.

Afterthoughts

Our Moms and Dads they've tried so hard
to make us what we are,

We've learned from them respect and love
for what we have so far.

The friends that mean so much to us
have stood right by our side,

They make us laugh and stay close by
through all the times we've cried.

But now it's time to say farewell
and leave those things behind,

With caring friends and memories
still lingering on our minds.

So as we keep a hold on this
through each and every day.

We'll find that it's so hard to say
Goodbye to yesterday.

This Is The Time

We walked on the beach beside that
old hotel
They're tearing it down now
But it is just as well
I haven't shown you everything a man
can do
So stay with be baby
I've got plans for you

This is the time to remember
Cause it will not last forever
These are the days
To hold on to
Cause we won't
Although we'll want to
This is the time
But time is gonna change
You've given me the best of you
And now I need the rest of you

Did you know that before you came
into my life
It was some kind of miracle that I
survived
Some day we will both look back
And have to laugh
We lived through a lifetime
And the aftermath

This is the time to remember
Cause it will not last forever
These are the days
To hold on to
Cause we won't

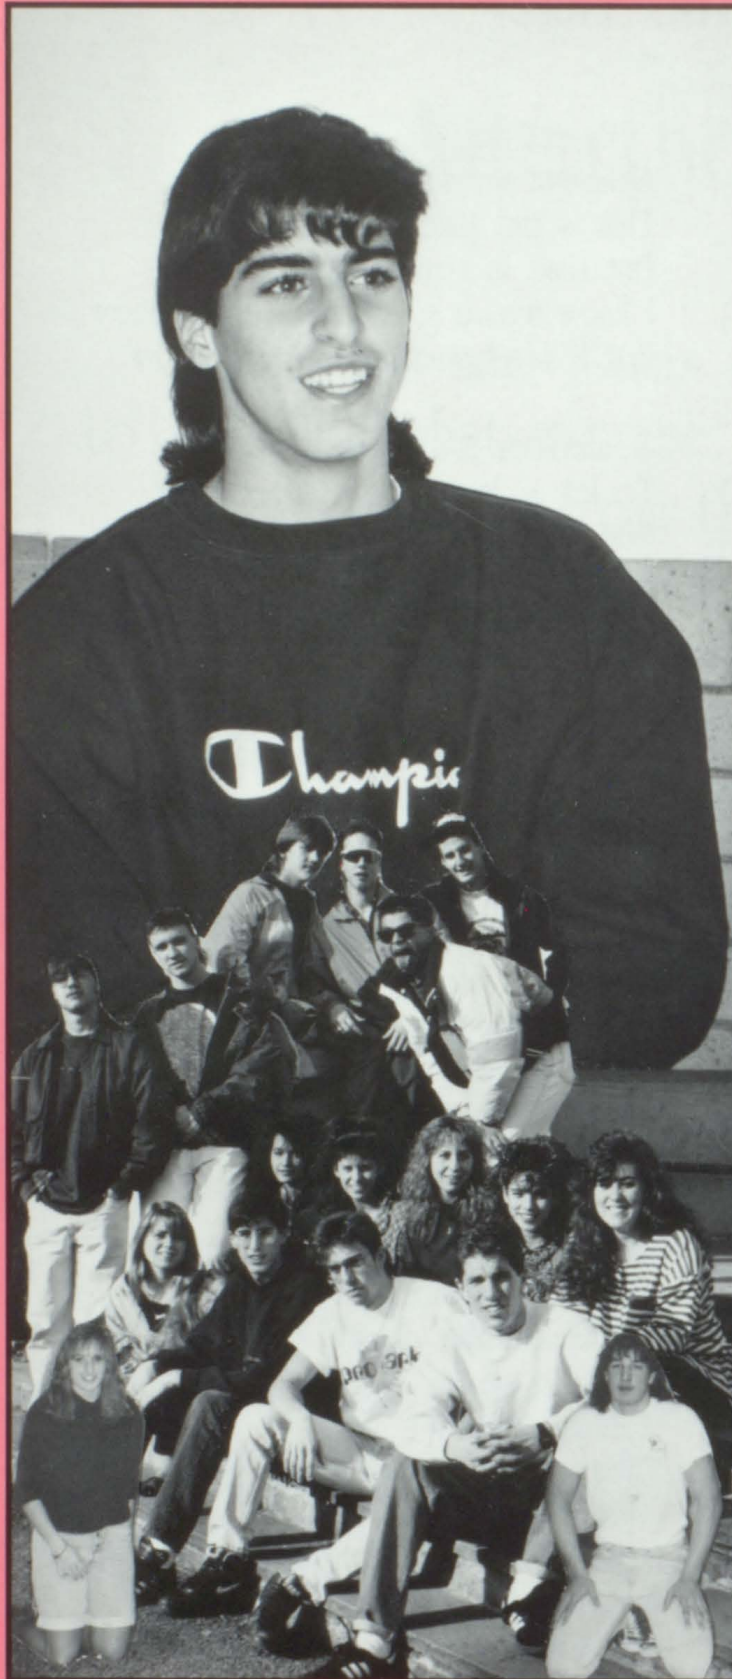

Although we want to
This is the time
But time is gonna change
I know we've got to move somehow
But I don't want to lose you now

Sometimes it's so easy
To let a day
Slip on by
Without even seeing each other at all
But this is the time you'll turn back to
and so will I
And those will be days you can never
recall

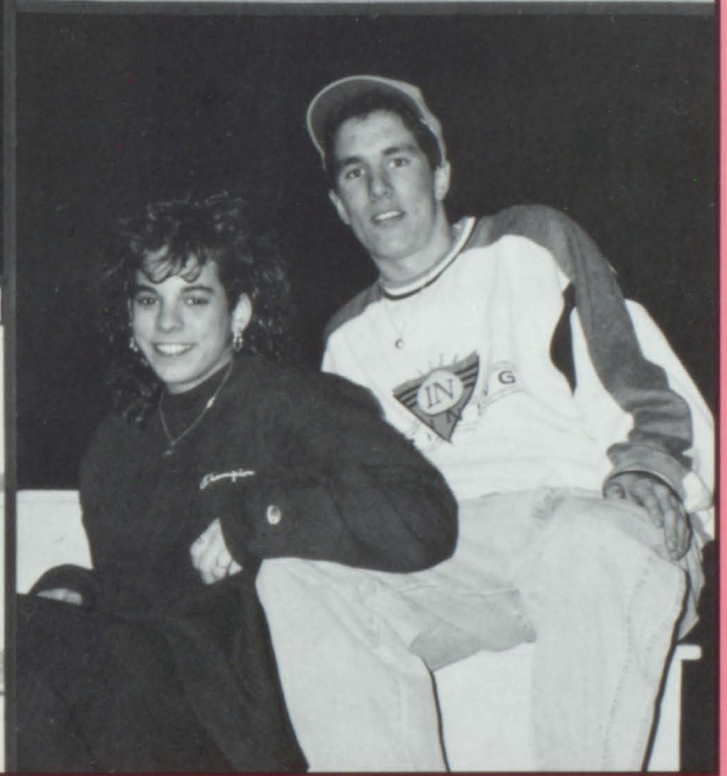

And so we embrace again
Behind the dunes
This beach is so cold
On winter afternoons
But holding you close is like holding
the summer sun
I'm warm from the memory of days to
come

This is the time to remember
Cause it will not last forever
These are the days
To hold on to
Cause we won't
Although we'll want to
This is the time
But time is gonna change
You've given me the best of you
But now I need the rest of you

The Good Old Days
 Kindergarten sounds so long ago
 When we began to shape the person we now know
 Our senior year has finally arrived
 We now have fond memories to share
 Happy and sad with those who care
 As graduation grows nearer
 Our goals are clearer.
 Let's enter the world out there
 With confidence we all can bare
 While our heads are held high
 Let's reach for the sky.
 And as we go our various ways
 Let's always remember
 "The Good Old Days"
